Local Virtual Assistant Receives Entrepreneurial Recognition

SANTA CLARA, CA – Marit K. Fox owner of Abundant Administrative Services, announced today that she is the recipient of the VAccolade Business Entrepreneur Award.

The VAccolade Award not only recognizes participation at VAnetworking, the world's largest member-based Virtual Assistant networking association online, but also recognizes the professionalism with which Fox presents herself on the Web, thereby giving her more credibility among other Virtual Assistants.

"Virtual Assistants (VAs) are business owners who work from their own offices providing professional support, services and skills to their clients via phone, fax and Internet-based technology. Partnering with a VA reduces stress, protects cash flow, eliminates administrative hassles, and enables business people to find the success they originally set out to achieve. A VA is your right-hand person helping you to succeed in your business. The irony is you may never meet your VA as odds are they live nowhere near you!" (definition from www.VAnetworking.com).

Fox specializes in e-newsletters and contact management processes, event/meeting planning, and creation and preparation of presentations. Fox is an administrative professional providing various online services to her clients. She started her Virtual Assistance career to increase abundance in her own life as well as the lives of clients and colleagues.

In a recent survey from VAnetworking, the United States has the largest number of VAs, followed by Canada, Australia and Europe. Clients pay only for time spent on their projects. There's no need to pay for taxes, benefits, equipment, etc. VAs are hired on an hourly or a monthly retainer basis.
